2021 / 06 / 08, Douliu

Fulgent Sun International (Holding) Co., Ltd. (“Fulgent Sun” , TWSE: 9802) today announced its consolidated sales for May 2021. Although the shipment schedule was affected by shortage of ships and containers, the short-term production schedule was affected by the temporary suspension in the Cambodian factory in early May (normal operations had resumed in mid-May), the exchange rate fluctuated sharply in May as well, consolidated sales in May still reached NT\$1.21 billion. Not only a significant increase (YoY 13.51%) of the same month (YoY 21.84% in terms of US\$), but also a record high for the same period in the past year. Accumulated consolidated sales for January through May 2021 reached NT\$5.59 billion (YoY 33.28%) of the same period (YoY 41.85% in terms of US\$) and also an increase of 22.96% (YoY 34.62% in terms of US\$) for the same period in 2019.

In summary, regardless of consolidated sales for May single month or accumulated consolidated sales for January through May, both hit a historical high.
